

## FREQUENTLY ASKED QUESTIONS

**Do the courts get prospective jurors' names from voter registration rolls?** No. Names for jurors come from the driver's license offices. The only exception is Federal Court.

**Must I choose a party when I register to vote?** No, it's not a requirement. Voters registered as "no party affiliation" (NPA) may not vote for party candidates in a primary election but may vote for nonpartisan races (like school board and judicial) and referenda. The exception is when all candidates in a race are the same party and the winner will be determined in the primary election—then all voters may vote in that race, called a **Universal Primary Contest**. For general elections, all voters receive the same ballot and may vote for any candidate or question on the ballot for their district.

**I'm registered as NPA. Why can't I vote for anybody I want in a primary election?** Florida is a closed primary state. That means that the primary elections are "nominating" elections for the **political parties**. In primary elections, voters registered NPA can **only** vote the nonpartisan races, such as school board and judicial, and for referenda and Universal Primary Contests. Call our office for more information.

**I have just moved. Is there anything I need to do about my voter registration?** Yes, your voter registration should always reflect your current residence address. If you move after you have registered to vote, please notify us. See "Changing Your Record" in this guide for more information.

**There's a polling place closer to my home than the one I'm assigned to. Why can't I vote in the one closer to my home?** In Florida, each voter must be registered **AND** vote in the precinct of his or her residence. A post office box or business address **cannot** be used as a substitute for your true residence address for voting or for signing petitions for candidates or issues.

**What happens if I forget to bring my ID to the polls?** Florida law entitles you to vote a provisional ballot, which is a conditional ballot, the validity of which will be determined by the Canvassing Board. If you vote a provisional ballot because you don't have the proper identification, it will be counted **if** your signature on the Provisional Ballot Voter's Certificate and Affirmation **matches** your signature on record in our office and **if** you voted in the proper precinct.

### IN FLORIDA, VOTER REGISTRATION BOOKS CLOSE 29 DAYS BEFORE EACH ELECTION.

During the 29-day period, no new voter registrations can be processed. Political party changes cannot be made during the 29-day period when the books are closed before primary elections. Voter registration books reopen the day after the election.

## PRIMARY ELECTIONS

Florida is a closed primary state. That means that only voters who are registered members of political parties may vote for their respective party's candidates in a primary election. Voters without party affiliation are not eligible to vote for party candidates in a primary election. However, if all candidates have the same party affiliation and the winner will have no opposition in the general election, all qualified voters, regardless of party affiliation, may vote in the primary election for that office. This is known as a Universal Primary Contest.

Nonpartisan judicial and school board offices, nonpartisan special districts and local referendum questions are included in some primary elections. All registered voters, including those without party affiliation, are entitled to receive and vote these ballots for their respective districts.

## CHANGING YOUR RECORD

**ADDRESS CHANGES:** If you move to another address in Calhoun County, you must let us know of your new address. Do this easily at our website or by email and be sure to include your birth date. You may also call or visit us, or mail or fax to us a signed written notice that includes your birth date. If you move to another Florida county, you may update your address in the same manner by contacting the Supervisor of Elections in your new county.

If you have moved your residence, you must vote in the precinct to which you have moved. If you are a registered voter in Calhoun County and you have moved to another address in Calhoun County but **HAVE NOT** provided change of address information to our office prior to Election Day, you will be required to provide that info before you can vote. To avoid delays at the polling place, you should update your address with us whenever you move. Remember: You may quickly and easily update your address on our website or by phone.

**NAME CHANGES:** If you change your name by marriage or other legal process, you must notify us in writing. The easiest way to do this is to use a Florida Voter Registration Application, or you may provide us with an original signed, written notice that includes your birth date or voter registration number. If you have not provided this info prior to going to vote, the precinct clerk will give you a form that you must complete to submit your name change at the polls before voting.

**PARTY AFFILIATION CHANGES:** To change your party affiliation, you must notify us in writing. The easiest way to do this is to use a Florida Voter Registration Application, or you may provide us with an original signed, written notice that includes your date of birth or voter registration number. You cannot change your party at the polling place. To be effective for a primary election, a party change must be made at least 29 days before the primary election.

**Signature Updates:** It is very important for you to keep your signature current with our office. Signatures on your registration record are used to verify signatures on petitions and on the envelopes of provisional and absentee ballots. If your signatures do not match, your petition or ballot will not count. Signature updates for provisional and absentee ballot verification purposes must be submitted no later than the start of canvassing of absentee ballots, which occurs in Calhoun County on Election Day. To update your signature, provide our office with a voter registration application indicating a signature update.

## ABSENTEE BALLOTS

All qualified voters are permitted to vote absentee under Florida law. Unless it's an emergency, it's best not to wait until the last minute to request an absentee ballot.

By Florida law, only you or your **immediate** family members may **request** an absentee ballot for you. If you need someone to pick up an absentee ballot for you, the law is very specific regarding written permission, affidavits, and dates that pickup is allowed. Please call our office or visit our website for this information.

The Legislature frequently changes the law with regard to how many elections may be covered by one absentee ballot request. If you are an absentee voter and are unsure of your absentee status, please call our office.

If you are an **absent uniformed services voter, overseas uniformed services voter or overseas voter**, visit our website or contact the Federal Voting Assistance Program for information on registering and voting absentee. The FVAP's toll-free hotline is 1-800-438-8683, and their website is

[www.fvap.gov](http://www.fvap.gov)

## EARLY VOTING

Early voting starts in our office on the first floor of the Calhoun County Courthouse 15 days before each election, ending on the Saturday before the election. Due to changes to Florida's election laws, early voting dates and hours may vary by county. Calhoun County's schedule will be advertised before early voting begins.

Early voters must provide photo and signature identification or be entitled to vote a provisional ballot.

## IDENTIFICATION REQUIREMENTS

To vote in Florida you must present both signature and photo identification, such as a Florida driver's license, or two separate forms of identification. For example, you may have a student ID with your photograph on it but not your signature. You would then need to present a second form of identification with your signature on it.

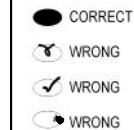

The following are acceptable forms of ID for voting in Florida:

- ★ Florida driver's license
- ★ Florida ID issued by Dept. of Highway Safety & Motor Vehicles
- ★ Neighborhood association ID
- ★ Retirement center ID
- ★ Public assistance ID
- ★ Debit or credit card
- ★ U.S. passport
- ★ Student ID
- ★ Military ID

## HOW TO VOTE

Marking your ballot is easy. Just fill in the oval next to the candidate of your choice.

After marking your ballot, feed it into the Accu-Vote optical-scan machine. It's that simple!

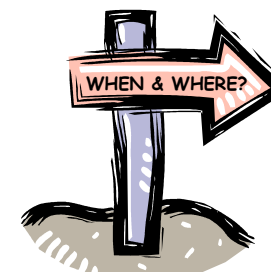

### ACCESSIBLE VOTING EQUIPMENT FOR DISABLED VOTERS:

In addition to the Accu-Vote optical-scan machine, all of our polling places are equipped with accessible voting systems for persons with disabilities to enable them to vote without assistance. Persons with disabilities or those who cannot read or write and desire help may designate someone of his or her own choice, other than an employer or an officer or agent of his or her union, to provide such assistance. Poll workers may also provide assistance.

**WHEN YOU GO TO VOTE:** To vote (whether early voting or at the polls on Election Day), you must show a photo and signature ID (see "Identification Requirements" in this guide). When you arrive to vote, once your identity has been established, you will be asked to sign the precinct register and then you will be allowed to vote. If you need assistance, please inform the poll worker. If you make a mistake when voting on a paper ballot, ask for a replacement. You may receive up to two replacements (or a total of three ballots).

If your eligibility to vote cannot be determined or you do not have the proper ID, you will be entitled to vote a provisional ballot. You'll be given written notice of your rights regarding the provisional ballot at that time. For more info on provisional ballots, contact our office or visit [votecalhoun.com](http://votecalhoun.com).
